

CW-P1是一款模拟称重仪表，可以用于静态称重场景，平台秤，地磅，汽车衡等用于1-8只称重传感器的场合。

CW-P1 is an analog weighing indicator suitable for various static weighing environments, such as platform scales, floor scales, truck scales. It can connect 1-8 weighing load cells.

01 产品特点

- *2.2英寸彩屏LED显示，字符高5.6cm，18个彩色状态指示标志。
- *高精度计数功能，
- *峰值保持和动物秤功能
- *累计功能
- *防抖功能
- *多类型报警功能（可设置超出数量范围报警，超出重量报警，上下限报警）
- *低电压提示，电量显示。
- *多单位切换KG/LB/T（标配），VISS,KN,N可改制。

02 技术参数

- *精度等级：III
- *最大检定数：n=5000
- *输入信号范围：-19mv-19mv
- *AD芯片分辨率：高精度24位双通道
- *传感器连接：1-8只
- *分度值：1/2/5/10/20/50可选
- *供电：110V/220V电压可选，内置6V4A高续航铅酸蓄电池
- *工作温度：-10-40摄氏度
- *存储运输温度：-25-55摄氏度
- *RS232通讯，大屏幕电流环通讯标准配置。

03 可选配功能或版本

- *蓝牙4.0可选
- *外接三色报警灯版本仪表可选
- *称重单位：VISS，KN，N可选配。

01 Product Features

- *2.2-inch color screen LED display, character height 5.6cm, 18 color status indicators.
- *High precision counting function
- *Peak value and animal scale function
- *Accumulation function
- *Anti-shake function
- *Multi type alarm function (can set alarms for exceeding quantity range, exceeding weight, upper and lower limits)
- *Low voltage prompt, battery level display.
- *Multi unit switching KG/LB/T (standard), VISS, KN, N can be modification.

02 Technical parameters

- *Accuracy level: III
- *Maximum Verification Number: n=5000
- *Input signal range: -19mv-19mv
- *AD chip resolution: high-precision 24 bit dual channel
- *Load cell connection: 1-8 load cells
- *Division: 1/2/5/10/20/50 optional
- *Power supply: optional voltage of 110V/220V, built-in 6V4A high endurance lead-acid battery
- *Working temperature: -10-40 °C
- *Storage and transportation temperature: -25-55 °C
- *RS232, current loop interface: Standard configuration

03 Optional features or versions

- *Bluetooth 4.0 optional
- *External three color alarm light output version instrument optional
- *Weighing units: VISS, KN, N optional.
